Welcome To U OF I DIRECT Registration

When you use your Network ID and password to access **U OF I DIRECT** from personal computers at multiple locations on campus (or via dial-up with modem), you will be welcomed to **U OF I DIRECT** registration, followed by a request to verify your local address and the Main Menu of Options. You then select an option by pressing the appropriate key(s) on the keyboard.

A registration checklist and Schedule Planning Form, included in the Timetable, will help you develop your schedule before you log onto **U OF I DIRECT**.

You will be assigned a Registration Time based on the number of hours/units completed or in progress, according to campus policy. Through **U OF I DIRECT** you can:

- register and add/drop classes
- update your address and telephone information
- provide information on appointment/graduation status
- obtain a copy of your early registration schedule

Some classes are listed in the *Timetable* as "authorization only." Contact the department for approval before using the **U OF I DIRECT** system to register in one of these classes.

The **U OF I DIRECT** system will control for Registration Time; class size, academic program, maximum credit, advising hold (if applicable), and encumbrances. If an advising hold has been placed on your record, it must be removed before you can register. You should resolve all encumbrances as soon as possible. If you have an encumbrance on your record, access to **U OF I DIRECT** to register or to drop or add classes will be blocked approximately three weeks prior to the first day of instruction. **If you have an encumbrance on your record as of 5:00 PM the first day of instruction, your course registration for the term will be cancelled.** You can avoid having your course registration cancelled by resolving encumbrances.

Assistance using **U of I Direct** will be available at the Records Service Center, 901 W. Illinois Street, from 8:30 AM until 4:45 PM. If you need information or assistance using **U OF I DIRECT**, call 333-6565.

Introduction to the *Timetable*

The *Timetable* is the listing of course offerings for the term, and includes instructions on when, where, and how to register and drop and add classes; tuition and fees and billing information; academic calendar information; how to get a replacement ID card; etc. Therefore, please keep it for future reference. Updated information on course offerings is also available by checking *Timetable* course section information on the World Wide Web (**http://www.uiuc.edu/timetable**) and from college and departmental advisers.

While every effort is made to provide accurate and up-to-date information, the University reserves the right to change without notice statements in the *Timetable* concerning rules, policies, procedures, tuition, fees, curricula, courses, or other matters. All course registrations are accepted subject to enrollment conditions set by the offering departments. In addition, colleges and departments reserve the right to:

- impose enrollment requirements and prerequisites,
- reassign students to other sections in a course,
- withdraw students from certain courses or sections after enrollment,
- cancel course offerings or sections for legitimate educational reasons.

Students considering enrollment in military science, naval science, or air force aerospace studies courses should be aware that University policy prohibits discrimination on the basis of sexual orientation; students may enroll in these courses regardless of sexual orientation. As of the date of printing of this publication, students seeking to enroll in ROTC are not asked to disclose their sexual orientation. However, homosexual conduct is grounds for disenrollment from the program.

Student Responsibility

- You are responsible for knowing and adhering to the policies, deadlines, and procedures in the *Timetable*. Careful reading of the various sections of this booklet will help you avoid enrollment problems.
- **U OF I DIRECT is the University system to register for courses by computer. When you do so, you agree to pay tuition and fees to the University according to the payment policies and schedules adopted by the Board of Trustees. If you wish to cancel your registration, and thus avoid payment of tuition and fees charges, you must do so by 5:00 PM of the first day of instruction.**

  Unauthorized use of University of Illinois computer systems, data, or resources; unauthorized use of another individual's identification, account, or password; or an attempt to gain unauthorized access is prohibited by University policy and may constitute a violation of Illinois state law.
- As an enrolled student, you are responsible for knowing and complying with the regulations of the University, your college, and the departments offering the courses you are taking, and for fulfilling the requirements for your particular degree. You may obtain the regulations of your college at the college office.

You are expected to conduct yourself at all times in accordance with accepted principles of responsible citizenship and with due regard for the rights of others.

You are advised to obtain a copy of the *Code of Policies and Regulations Applying to All Students*. That publication is available for inspection at college and departmental offices and libraries, at the Illini Union Information Desk, the Student Organizational Complex in the Illini Union, in the lobby of the Turner Student Services Building, and at the Records Service Center, 901 W. Illinois Street. The *Code* is also available on the Web (**http://www.uiuc.edu/admin_manual/code**)

Registration Procedures

1. Registration Time - Invitation to Register

All eligible continuing and re-entry students are assigned a Registration Time, according to priorities established by campus policy. The Registration Time is the first time a student can access **U OF I DIRECT** registration for the term. You will be informed of your Registration Time in your Invitation to Register, mailed to your local address, approximately two weeks before the start of the Registration Period. (If you did not receive this mailing, please go to the Records Service Center, 901 W. Illinois.) Within each priority grouping, Registration Times are assigned in intervals first by the number of hours earned plus the number of hours (if any) in progress. Further assignment, as necessary, is done randomly by student ID number.

2. Eligibility to Register

In general, students currently enrolled in degree programs can register early. You may not register early if you are a student newly admitted to a UIUC degree program. Information about your initial registration procedures will be included in your Notice of Admission.

3. Academic Advising and Advising Holds

Academic advising is recommended for all students and is required in most programs. You are encouraged to meet with your adviser to discuss your plan of study before using **U OF I DIRECT** to register.

An advising hold may be placed on your record if you are in a college/department in which advising is a mandatory prerequisite to registration. In such cases you must complete an advising session before your college/department will clear you to enroll using **U OF I DIRECT**. For additional information on the advising hold, please contact your college office.

4. Encumbrances

Academic and administrative offices may place encumbrances on your record for academic reasons, funds owed to the University, judicial reasons, and for failure to meet medical/immunization requirements. If you have an encumbrance(s) on your record, resolve it with the appropriate campus office as soon as possible. You will be informed of any encumbrance(s) on your Invitation to Register, on your Official Class Schedule and each time you access **U OF I DIRECT**. An encumbrance will not prohibit you from participating in Registration. You can continue to use the system to make course changes until your Official Class Schedule is mailed to you approximately three weeks prior to the beginning of the term.

After the Official Class Schedule is mailed, however, all encumbered students will be blocked from access to the **U OF I DIRECT** registration sequence Students will be alerted to the presence of any encumbrance(s) on the Official Class Schedule and directed to the appropriate office(s) to resolve them. **Failure to resolve the encumbrance(s) prior to 5:00 PM of the first day of instruction will result in cancellation of your course registration for the term.**

5. Enrollment Requirements and Prerequisites

Many courses carry prerequisites and other enrollment requirements such as "consent of instructor," "enrollment limited to majors," "seniors only," "honor students," etc. These requirements are listed with each course and many are computer controlled. You are expected to comply with these prerequisites and enrollment requirements. Failure to do so may result in your being removed from the course. Should you have questions regarding these requirements, please contact the teaching department.

6. "Authorization Only" Courses

Some courses require departmental authorization prior to registration. If you are interested in an "authorization only" course listed in the *Timetable* you should consult the teaching department prior to your Registration Time. If you meet the enrollment requirements for the course, the department will authorize you online to enroll in the course. You, in turn, must register for the course using **U OF I DIRECT.**

7. Maximum/Minimum Enrollment Levels

The maximum amount of credit in which a student can enroll without special overload approval from his/her college office is:

Fall and Spring Terms	
Undergraduates	18 hours
Graduate, Vet Med, Medicine	5 units (20 hours)
Law	16 hours
Summer Term 1	
Undergraduates	4 hours
Graduate, Vet Med, Medicine	1½ units (6 hours)
Law	6 hours
Summer Term 2	
Undergraduates	9 hours
Graduate, Vet Med, Medicine	3 units (12 hours)
Law	6 hours

Should you wish to enroll above the established maximum, consult your college office.

U OF I DIRECT will display a warning message if you are not enrolled in a full course load for the term. Enrollment below the minimum may jeopardize your financial aid status, progress towards a degree, or visa status if you are an international student. Full-time enrollment for undergraduate students is 3 or more hours, for graduate students, ½ or more units in Term 1. Full-time enrollment for undergraduate students is 6 or more hours, for graduate students, 1½ or more units in Term 2.

8. Credit-No Credit

The credit-no credit grading option is designed to encourage students to explore areas of academic interest that they might otherwise avoid for fear of poor grades. All students considering this option are cautioned that many graduate and professional schools consider applicants whose transcripts bear a significant number of nongrade symbols less favorably than applicants whose transcripts contain none or very few. Likewise, in computing a preadmission grade-point average, some schools may convert the NC symbol to a failing grade because they do not know whether the actual grade was a D or F.

Credit-no credit courses are not counted toward the grade-point average, but are included as part of the total credit hours and are assessed as credit hours.

Instructors are not informed of those students in their classes who are taking work under the credit-no credit option, and they report the usual letter grades at the end of the course. These grades are

automatically converted to CR or NC. Grades of C- or better are required to earn credit.

The credit-no credit option is not available on **U OF I DIRECT**. Should you wish to elect this option, please consult your college office.

9. Policy on Intercollege Transfer

An intercollege transfer applicant is one who is currently registered in an undergraduate college at University of Illinois at Urbana-Champaign and who wishes to be considered for admission to another undergraduate college at Urbana. Intercollege transfer applicants are considered on the basis of the intercollege admission requirements of the new college and availability of space in the chosen programs. This policy does not apply to students in the Graduate College, a professional college, or the College of Nursing.

The campus has designated two periods each term for intercollege transfer. They are:

- **Two weeks prior to the beginning of the Registration Period for each term. Curriculum changes will not be allowed after registration begins.**
- **One week prior to the start of instruction for the term and through the first week of instruction.**

If you intend to apply for intercollege transfer, you should do so within these designated time frames. **Your access to certain courses is dependent upon your college of enrollment.**

10. Student Health Insurance

The University's Board of Trustees requires that all students be covered by a health insurance plan, either the University's Student Health Insurance Plan or a plan determined by the University to be equivalent. Request for exemption from the health insurance fee, purchase of dependent coverage, etc., are limited to specific time periods at the beginning of each semester. See Student Health Insurance Plan section in the Timetable for deadline dates and instructions.

How to Use the World Wide Web *Timetable*

The *Timetable* is also on the campus network (UIUCnet), via a service called the "World-Wide Web" (WWW).

The WWW version allows convenient browsing of the *Timetable* with the following advantages:

- The most up-to-date course information: It is updated every night from **U OF I DIRECT** data.
- Cross-referenced information: Every course is linked to more complete course descriptions found in the online *Course* catalog.
- Helpful information: Supplemental information is available, e.g., links to a campus map showing class locations.
- You can search it via an easy-to-use index.

The WWW *Timetable* can be viewed on the network by using a browser program on a PC, Mac, or Unix system. Some common browsers are NCSA Mosaic, Netscape, or Lynx. If you are familiar with using a WWW browser (i.e., if this computer jargon hasn't bewildered you), you may view the *Timetable* using the following URL (the "address" of the *Timetable* on the WWW):

http://www.uiuc.edu/timetable

A document explaining in greater detail how to view the WWW *Timetable* may be obtained at most CCSO locations, including computer sites across campus and the CCSO Resource Center (1420 DCL, 244-1258). Ask for "Using the WWW Timetable on the Campus Network." Consultants in the Resource Center can also help you learn about WWW browsers.

The WWW browsers are available on all CCSO site computers, so you may view the WWW *Timetable* at any CCSO site.

U OF I DIRECT Network ID and Password

To access **U OF I DIRECT**, you will use your Network ID and password. All UIUC students are assigned a Network ID and password when they are admitted to the University.

As with any computerized system, security of the data is a primary concern. In order to maintain the security of your student records and class schedule, it is imperative that you protect your Network ID and password. NEVER tell anyone your password. NEVER let anyone use your Network ID and password. The importance of your password is much like that of a bank card PIN – ALWAYS protect the privacy and security of your password. You are encouraged to change your password periodically to maintain the security of your Network ID.

You may change your netid password using a secure online Web page at **https://www-s.uiuc.edu/bluestem/kpasswd.cgi**. You may also change your password using a computer at any CCSO site. Staff at these locations can assist you. A document entitled, "Changing Your Network ID and Password" is also available at these sites. It describes the procedure you use to change your password. If you forget your password, you can go to the Account Services desk at the CCSO Resource Center at 1420 DCL between 8:30 and 5:00 PM, Monday through Friday to have your password reset so you can resume using your network ID. If you have questions or concerns about your Network ID and password, contact the CCSO Resource Center (1420 DCL, 244-1258).

✓ U OF I DIRECT *Registration Checklist*

✓ Have Your U OF I DIRECT Registration Materials

To register for courses using **U OF I DIRECT** you need:

- **U OF I DIRECT** Schedule Planning Form (located in the back of the *Timetable*)
- Your Network ID and password
- Your Registration Time from your Invitation to Register

If you did not receive your Invitation to Register, contact the Records Service Center, 901 West Illinois Street, 333-6565.

✓ Meet with Your Adviser to Plan Your Program of Courses (and Alternative Course Selections) for the Term

- Before your Registration Time, meet with your adviser to discuss your program of study for the term.
- Discuss with your adviser alternative course selections in case your first choice offerings are full or unavailable to you.
- Complete the Schedule Planning Form as a guide.

✓ Prepare for Enrollment Restrictions that May Be Placed by Departments

- **Consent Instructor/Authorization Required:**
  If you plan to select courses requiring consent of instructor or departmental approval, contact the department offering the course to obtain permission **PRIOR TO** registering via **U OF I DIRECT**. ***Approval to register in AUTHORIZATION ONLY courses is entered into the U OF I DIRECT system online by the department offering the course. You, in turn, must register for the course using U OF I DIRECT.***
- **Independent Study Courses:**
  Independent study courses require the instructor's permission before registering. If you select an independent study course, obtain permission from the instructor **PRIOR TO** registering via **U OF I DIRECT**.
- **Courses with Prerequisites:**
  Many courses have prerequisites. The prerequisites are intended to help you succeed in the course. You are expected to comply with them. You may be removed from a course for failure to comply with the prerequisites.
- **Courses with Restrictions:**
  Some courses have restrictions which limit registration to students meeting certain criteria, e.g., college, curricula, year in school, honors, or placement test scores. Many restrictions are computer controlled. You may be removed from a course if you do not meet the course criteria. Consult the department offering the course if exceptions to these restrictions are required.

✓ Clear Advising Hold and Encumbrances

- If you have an advising hold and/or an encumbrance(s) on your record, that information will appear on your Invitation to Register and in the **U OF I DIRECT** system.
- The advising hold must be cleared online by your college or department before you can register using **U OF I DIRECT.**

Registration Charges, Payments, and Refunds

Waivers and Exemptions

If you receive a **waiver**, you are assessed the amount of the charge but the amount is waived by University policy. Because you were assessed the charge, you are eligible to receive the benefits of the service provided by that charge.

If you are **exempt** from a particular charge, that charge is not assessed and therefore you are not eligible to receive the benefits of the services provided by the charge. If you have an exemption from any charge because you are registered in Credit Range IV, (law students Credit Ranges III& IV) you may obtain the benefits of the service provided by making individual arrangements. (See "Fees and How They Are Determined.")

Tuition and fee waivers are not granted for the Executive MBA or other full-cost programs. Detailed information on tuition and fee waivers and exemptions is presented at the back of this *Timetable*.

If you believe that you qualify for any of the waivers or exemptions, consult the staff at the Records Service Center, 901 W. Illinois Street.

Tuition and Fee Assessments

Tuition rates are determined by the University Board of Trustees. Assessment is based on your college and your class, curriculum of enrollment, your residency classification, and your credit range.

College of Enrollment

Your tuition rate is based in part on whether you are an undergraduate, graduate, or professional student. Among undergraduates in art, architecture, and music, there is a further differential between students in the lower (0-59.9 semester hours) and upper (60 semester hours or more) divisions. Undergraduate nondegree students are assessed at the upper-division rate. All students enrolled in engineering, chemical and life sciences, and art, architecture, and music curricula are assessed a tuition surcharge.

Because the Professional Veterinary Medicine Program requires a full course of study each term, students in that curriculum are assessed a single tuition rate for each of the four years of the program.

Students enrolled in the nursing and medical sciences programs on the Urbana-Champaign campus are assessed tuition at Chicago campus rates. Fees are assessed at Urbana-Champaign campus rates.

Information about tuition rates for students in twelve-week summer session courses, flight training, study-abroad, Executive MBA, and other special-cost programs may be obtained at the Records Service Center, 901 W. Illinois Street, or by calling 217-333-0210.

Residence Classification

Another factor in determining your tuition rate is your residence classification (resident or nonresident of Illinois as defined and determined according to regulations approved by the University Board of Trustees). Your classification is based on information you provide on your admission application and other credentials. Residency rules are available on the Web (**http://www.uoapa.uillinois.edu/residency.html**).

To request a change in your residency classification, obtain a petition at the Admissions Service Center, 901 W. Illinois Street. You must submit the petition by June 20. If you fail to submit a petition within the allotted time period, you lose all rights to a change in status and adjustment of your assessed tuition for the term. Telephone (217) 333-0302 for additional information.

Fees and How They are Determined

The fee schedule is fixed by the University Board of Trustees and is calculated on the basis of the number of semester hours or units of credit for which you are registered. Fees to be assessed are:

General Fee: Supports certain fixed costs of fee-supported buildings (IMPE, Ice Arena, Assembly Hall, Illini Union, etc.) on campus.

Service Fee: Supports salaries, programming, general expenses, and utilities for campus auxiliary service units such as the Illini Union, the Assembly Hall, and Campus Recreation. *(Students exempt from this fee because they are registered in Credit Range IV [law Credit Ranges III and IV] may obtain the services by paying the fee at a cashier's window in 100 Henry Administration Building by 4:00 PM, June 26, 2000.)*

Health Service Fee: Supports salaries, programming, general expenses, and utilities for McKinley Health Center and the Counseling Center. *(Students exempt from this fee because they are registered in Credit Range IV (law Credit Ranges III and IV) may obtain the services by paying the fee at the McKinley Health Center Business Office by 4:00 PM, June 26, 2000.)*

Spring semester coverage of the Health Service Fee extends to the first day of instruction for Summer Term 2. Summer Term 2 coverage extends to the first day of instruction of the fall semester.

Health Insurance Fee: Covers the cost of premiums to the insurance carrier and the cost of administering the program.

Transportation Fee: Supports a campus and community busing plan for students. *(Students exempt from this fee because they are registered in Credit Range IV (law Credit Ranges III and IV) may obtain the services by paying the fee at the Division of Campus Parking by 4:00 PM, June 26, 2000.)*

Flight Training Fee: Charged each student enrolled in flight training courses in addition to regular tuition and fee registration charges; based on the nature of each course.

Krannert Fee: Supports productions at the Krannert Center for the Performing Arts. *(Students exempt from this fee because they are registered in Credit Range IV (law Credit Ranges III and IV) may obtain services by paying the fee at a cashier's window in 100 Henry Administration Building by 4:00 PM, June 26, 2000.)*

SORF: Refundable for Term 2; supports the Student Legal Service and assists in funding programs and/or services of registered student organizations.

Billings and payments for all registration charges, plus charges for University-operated housing, occur after classes begin. Billing is done on a Registration Statement of Charges and Aid which itemizes all registration charges, financial aid administered by the University, financial aid from external agencies (ISSC, VA, etc.), and any cash aid for which you are eligible. The statement also contains the date by which either full payment or the first payment on the installment plan (if approved) must be made. The availability of statements and the payment deadline dates are determined by when you register.

Summer Term 1

If you clear all encumbrances, and have classes on your record by the end of the first day of instruction, May 15, your Registration Statement of Charges and Aid will be mailed to your local address. Payment will be due by noon May 24. If your statement does not arrive by May 19, go to Window 7, Room 100 Henry Administration Building, and request a duplicate statement. IT IS YOUR RESPONSIBILITY AND OBLIGATION TO OBTAIN A STATEMENT AND TO PAY YOUR REGISTRATION CHARGES BY THE DUE DATE WHETHER OR NOT YOU RECEIVED A STATEMENT AT YOUR LOCAL ADDRESS. You may make payment either by U.S. mail, in registration drop boxes, or in person at a cashier's window in 100 Henry Administration Building.

If you register on May 16 and thereafter, you must make payment by 4:00 PM on the day of registration at a cashier's window in 100 Henry Administration Building.

Summer Term 2

If you clear all encumbrances, and have classes on your record by the end of the first day of instruction, June 12, your Registration Statement of Charges and Aid will be mailed to your local address. Payment will be due by noon, June 26. If your statement does not arrive by June 19, go to Window 7, Room 100 Henry Administration Building, and request a duplicate statement. IT IS YOUR RESPONSIBILITY AND OBLIGATION TO OBTAIN A STATEMENT AND TO PAY YOUR REGISTRATION CHARGES BY THE DUE DATE WHETHER OR NOT YOU RECEIVED A STATEMENT AT YOUR LOCAL ADDRESS. You may make payment either by U.S. mail, in registration drop boxes, or in person at the cashier's window in 100 Henry Administration Building.

If you register on June 21, or thereafter, you must make payment by 4:00 PM on the day of registration at a cashier's window in 100 Henry Administration Building.

Payment Instructions

- Use the special registration drop boxes to return your payment. Do not use campus mailboxes.
- Allow five days for delivery if you remit by U.S. mail.
- Do not send cash either through the mail or via the drop boxes.
- If paying with a debit card, go to Window A in room 100 Henry Administration Building. **CREDIT CARDS ARE NOT ACCEPTED.**
- If you must pay in cash, pay at a cashier's window in 100 Henry Administration Building.

- ***Where Can I Make Payment?*** If your payment deadline is Wednesday, May 24, for Summer Term 1, and Monday, June 26, for Summer Term 2, you may use either U.S. mail or registration drop boxes (not campus mail boxes) to return your statement along with a check or money order in the correct amount. If you must pay in cash, go to a cashier's window in 100 Henry Administration Building.

  Special registration drop boxes for payment of registration charges will be available until Wednesday, May 24, for Term 1 and Monday, June 26, for Term 2, at the following locations:

  - Henry Administration Building (east and west entrances)
  - Illini Union (southwest entrance)

- ***Can I Pay by Installment?*** An installment plan for paying tuition and fees and single-student residence hall charges is available to students enrolled on campus. **This privilege is not extended to registration in extramural, correspondence, and summer Term 1 courses, or to students to whom the privilege has been denied.**

  Charges for Term 2 are collected in two installments; the first payable by the due date shown on the original statement, and the remaining installment payable in July.

  A one-time finance charge of 1 percent of the total amount deferred, or $2 (amount subject to change), whichever is greater, is made against accounts being paid under the installment plan. An installment payment of charges becomes delinquent on the first day of the month following the date payment was due. Students with delinquent accounts exceeding the dollar limitation may be denied charging privileges.

  If you either pay your registration charges on the installment plan or make no payment at all and then later either withdraw from the University or reduce your registration to a lower credit range after the established refund deadline date for the semester, you are liable for the full amount of tuition and fees assessed.

- ***What If I Don't Make Payment by the Due Date?*** The due date for payment either in full or by installment is printed on your statement. If you do not make full or first-installment payment by the scheduled due date shown on the statement, you will be assessed a $25 (amount subject to change) registration late payment charge that will be billed to your student account.

  A delinquent service charge of 1½ percent or $2 (amount subject to change), whichever is greater, is added per month to delinquent student accounts. At any point in the semester, a student who has a delinquent account exceeding the dollar limitation may be denied charging privileges. The delinquent service charge is applied to all items charged to the student account and for which payment is delinquent.

  If you are in debt to the University at the end of any term, you may not be permitted to register in the University again. You are not entitled to receive either a diploma or an official transcript of your credits until you have either paid the indebtedness or made suitable arrangements for payment, unless you either have a bankruptcy petition that seeks a discharge of all such indebtedness or all such indebtedness has been discharged.

- ***Special Warnings about Payments.*** A penalty of $15 (amount subject to change) is assessed for each check you present to the University that is returned to the Office of Student Accounts and Cashiers because of insufficient funds or for other reasons. Check cashing privileges may be suspended when more than one check is returned to the University. In most cases, the person who endorses a two-party check is the one liable for any penalties charged if that check is returned.

  Additional penalties, INCLUDING DISMISSAL FROM THE UNIVERSITY, may be imposed on students who permit their University accounts to become delinquent or who issue checks that are returned to the University unpaid.

Coverage Extensions beyond Last Semester Enrolled and Insured

- Insurance coverage ends on the beginning date of the next semester; however, it can be extended for the next school period if an extension is purchased by the semester deadline. For example, if you were a student and insured for spring and will not be a student in the Summer Term 2, coverage will not continue through the summer unless you elect to purchase a summer extension.
- Extensions for Summer Term 2 may be purchased beginning April 17, 2000, at the Student Insurance Office (807 South Wright Street) through noon, June 26, 2000.
- The premium is payable at time of application.

- An exemption will automatically continue until reinstatement to the plan is requested (see Reinstatement below) or if you do not respond to a periodic request to confirm that you continue to be covered by another health insurance plan, or three consecutive semesters of non-registered status. Summer Term 2 is a semester.
- Other insurance must be in effect by the first day of class for the semester exemption is requested.

- Apply within 31 days of the loss of other insurance; coverage is guaranteed and will be effective the date of application or date of other coverage termination, whichever is later. Proof of other coverage termination is required.
- Apply more than 31 days after loss of other insurance or if no loss of other coverage has occurred, by providing evidence of good health. If approved, coverage is effective the date of application and will be subject to a pre-existing condition limitation for the first 120 days of coverage.

Undergraduate Admissions—Terms 1 and 2

Admission as a Continuing Undergraduate Student

- If you are an undergraduate student enrolled at the University of Illinois at Urbana-Champaign, and are eligible to continue in the same college, you need not apply for admission to either Term 1 or Term 2.
- If you are an undergraduate student enrolled at the University of Illinois at Urbana-Champaign, were dropped for academic reasons at the end of the 2000 spring semester, and desire to continue in the 2000 summer session only as a nondegree student, you need to submit a petition for enrollment to the dean of the summer session. If you wish to be reinstated in a degree program for the 2000 fall semester, you must petition the college of desired enrollment. No application will be necessary.
- If you are an undergraduate student dropped for academic reasons at the end of the 2000 spring semester and seek reinstatement to the same or a different college for the 2000 summer session, you must file a petition for reinstatement with the dean of the college in which you desire to enroll; if reinstated, successful completion of the summer session will allow you to continue in the 2000 fall semester.

Admission as a New Nondegree Student

Your application for admission as a nondegree student for either Term 1 or Term 2 should be submitted to the Office of Admissions and Records as soon as possible after February 1.

You may apply for admission to either Term 1 or Term 2 by submitting an *Undergraduate Nondegree Application for Admission* under one of the two following options:

- If you submit the required credentials, you may be approved for admission as a nondegree student in one of the undergraduate colleges. Successful completion of the summer session will permit your continued enrollment as a nondegree student in that college for the fall semester, subject to regular nondegree enrollment restrictions. Enrollment for nondegree students in the continuous enrollment pattern is limited. University employees and residents of the community who wish to enroll in courses that are offered only at the University are given continuous nondegree admission priority. **For this option it is important that you apply by April 30.**
- You may be considered for "summer session only." Admission as a nondegree student for "summer session only" does not permit enrollment for fall or spring semesters without submission of a new application for admission. You may enroll for future summer terms as a nondegree student by using the **U of I Direct** registration system through your final authorized term assigned at the time of your initial admission.

To be considered for degree-status enrollment, nondegree-status students must apply for admission.

An applicant who desires to take any 300-level course for graduate credit or any 400-level course must apply for graduate nondegree status, regardless of the level of other courses in which the applicant desires to enroll. A graduate applicant should complete the Application for Admission to the Graduate College and Application for Graduate Appointment form. See the Graduate Admissions section of this *Timetable*.

The same grading system is applicable to nondegree and degree status students. Credit earned on nondegree status will not be applicable to a degree at the University of Illinois at Urbana-Champaign except by subsequent admission to degree status and, at the graduate and professional levels, successful petition for application of such credit to the degree.

Admission as a Degree Candidate

If you are a beginning freshman, or transfer applicant who wishes to be admitted to Term 1 or Term 2 and continue as a degree candidate in the 2000 fall semester, you must meet the same admission requirements as a student applying as a degree candidate for fall semester 2000. You should be aware that for most fall terms admission spaces have been filled far in advance of the summer-session-only application deadline. Application materials and information on programs open for fall admission can be obtained from the Office of Admissions and Records, either in person, or by writing to the Office of Admissions and Records, 901 W. Illinois Street, Urbana, IL 61801, or by calling (217) 333-0302. Be sure to indicate on the application form that you are applying for admission in June to continue in the fall.

Detailed admission requirements and application procedures for all undergraduates are contained in the publication *2000 Undergraduate Admissions Information* included in each application packet.

If you apply and are approved for admission for summer-to-continue-in-the-fall, you will receive a Notice of Admission that is valid for the summer and fall sessions. Should you subsequently decide not to enter in June, but still desire to register in the fall, the same Notice of Admission is valid. If approved for fall semester 2000 admission, you may register for the summer session by advising the Director of Admissions and Records of your intention no later than May 11, 2000; your Notice of Admission will be changed from fall to summer-to-continue-in-the-fall.

Re-Entry as a Degree Candidate

Former students should contact the college in which they wish to enroll to obtain their Registration Time and an extension of the final authorized term if necessary. Students on "academic drop" status when they left the Urbana-Champaign campus must petition for re-entry to the University in either their former college or another college at the Urbana-Champaign campus.

Graduate Admission to Term 2

Application Information

Applicants may apply electronically at www.oar.uiuc.edu/prospective/grad/applygr.html. Applications may also be obtained from your intended department. For information, and to obtain the address and telephone number of your proposed program, visit, write or telephone the Office of Admissions and Records, Graduate Admissions, 901 W. Illinois Street, Urbana, Illinois 61801, (217) 333-3048. Program information may also be obtained on the web at www.oar.uiuc.edu/prospective/grad/depts.asp.

If you have not been previously registered in the Graduate College, you must file an application for admission with the Office of Admissions and Records. The application must be accompanied by a nonrefundable application fee of $40 ($50 for international applicants). Official transcripts of all previous college study must be provided except for studies taken at the Urbana-Champaign campus.

Applications for admission as a degree candidate or nondegree status within a department must be received by the Office of Admissions and Records no later than May 22, 2000. Applications for admission as an unassigned student in the Graduate College for 2000 Term 2 will be accepted through June 12, 2000.

Admission as a Graduate Nondegree Student

You may be admitted as a nondegree graduate student for Term 2 under one of the following plans:

- If you submit the required credentials by May 22, 2000, you may be approved for admission as a nondegree student in one of the graduate departments. Such admission, accompanied by successful completion of the summer session, will permit your continued enrollment as a nondegree student in that department for either the 2000 fall semester under the continuous-enrollment pattern, or the 2001 summer session under the summer-session-only pattern if the conditions for the pattern are met.

- You may be admitted to the Graduate College (no specific department) as a nondegree student for the 2000 "summer session only" by submitting an application and certifying that a bachelor's degree has been earned. Applications for admission as a nondegree student in the Graduate College for the 2000 summer term will be accepted through June 12, 2000. Admission as a summer session nondegree student will not allow enrollment in either the 2000 fall or the 2001 spring semesters, but registration in the 2001 summer session will be allowed without reapplication.

All nondegree students are required to apply for admission should they wish to become degree candidates.

Admission as a Graduate Degree Candidate

Deadline for receipt of application: Monday, May 22, 2000

Admission of Former Graduate Students

Continuing degree graduate students who did not register in the 2000 spring semester and are returning to their former program prior to the expiration of the final authorized term of enrollment, need only contact their former department for an earliest enrollment time.

On-Campus Enrollment for Academic Outreach Students

For further information, please contact your program office or the Continuing Education Division of Academic Outreach, 1405 University Centre, 302 E. John Street, (217) 333-6305.

A student previously enrolled in Academic Outreach courses who has not been admitted to the Graduate College with degree or nondegree status in conjunction with that Academic Outreach enrollment must apply for admission.

Courses Listings

The following *Timetable* of courses offered by the University is subject to whatever changes may prove necessary at registration time. Notices of all changes in time or place of meeting of classes will be posted to the online *Timetable* (see page 7).

Arrangement

The arrangement of subjects in this *Timetable* is alphabetical. The courses offered in each subject are listed numerically with headings to indicate the students for whom they are designed. Courses for undergraduates (designed primarily for freshmen and sophomores) are numbered 100 to 199; for undergraduates who satisfy the published requirements, 200 to 299; for primarily junior, senior, professional, and graduate students, 300 to 399; for graduate and professional students, 400 and above. Following the title of each course is a statement of the requirements, if any, for admission to the course.

Class Periods

Class periods for each course are indicated by numerals for the hours of the day and by letters for the days of the week. For example, 8-10 MTWTh+ indicates that class periods begin at 8:00 AM and continue for approximately two hours on Monday, Tuesday, Wednesday, and Thursday; 11-1230 TT+ means that class periods begin at 11:00 AM and continue for ninety minutes on Tuesday and Thursday. Any class beginning after 6:00 PM is indicated by the letters PM. For example, 730-930PM+ indicates that the class period begins at 7:30 PM and continues until approximately 9:30 PM.

Class Locations

The place of meeting of each class is shown by the number of the room and the name of the building. A listing of the building abbreviations may be found in this *Timetable*.

Credit

Credit for undergraduate courses is counted in semester hours. A semester hour is one class period a week for one semester or the equivalent in laboratory work, fieldwork, or approved independent study. The number of hours for which each course counts is shown under the course.

Credit for graduate courses is counted in units. The unit value of each graduate course is indicated under the course. No course may be taken for graduate credit unless it is so designated in this *Timetable* or the online *Timetable*. In general, 1 graduate unit is the equivalent of 4 semester hours of undergraduate credit.

Some courses have variable credit, such as 3 to 5 hours or 0 to 2 units; in registering for a course with variable credit each student indicates the number of hours or units for which he or she intends to take the course on the **U of I Direct** screen at the time of registration.

A course may not be taken for zero credit unless such credit is specifically authorized in the *Timetable*.

THEATRE

June 16 – July 30

Illinois Department of Theatre is pleased to continue its popular *Summerfest* season by presenting three highly entertaining productions by playwrights acclaimed as among the theatre's very best playwrights.

Barefoot in the Park, the classic romantic comedy by Neil Simon, is set in the tiny New York apartment of a newlywed couple working through their "period of adjustment," comically complicated by the presence of the free-spirited bon vivant who lives in the attic and a well-meaning but ever-present mother-in-law.

Murder at the Howard Johnson's is an uproarious murder mystery by Ron Clark and Sam Bobrick set in a Howard Johnson's motel in the late 1970s with each act taking place in a different room in the motel. The question is not so much "who dunnit?" as it is "who will get it?" Will it be happy homemaker, Arlene, her used-car salesman husband, or her new lover, the family dentist? As each plans the other's murder, the twists, turns, and mishaps grow wildly out of control.

The third production will consist of three one-act plays by one of America's greatest playwrights, Tennessee Williams, under the title *Tennessee Women*. The first play, *This Property is Condemned*, is a sweet and poignant piece about a young girl, Willie, who has been abandoned by her family and by society, left with only her imagination, her fantasies, and her ingenuity. The *Unsatisfactory Supper*, another poignant yet funny play about the problems which complicate the relationship between Baby Doll and her husband, Archie Lee, when her elderly Aunt Rose comes to live with them. The third one-act, *The Gnädiges Fräulein*, written late in Williams' career, is a wild, slapstick comedy set in a circus-like environment concerning a former Viennese Opera star who has come to the Florida Keys to catch fish—but not in the traditional manner!

Tickets will be available in May. The three productions play in revolving repertory Wednesday through Sunday for a six-week period. (No credit.) Cost: Varies.

Final Examination Policy, Term 1

Instructors have the option of scheduling final examinations for Term 1 courses on the final day of class or on the day following the last day of instruction for that course. If final examinations are held on the day following the last day of instruction, departments must confirm space availability for the desired examination by calling the Office for Project Planning and Facility Management, 333-1230.

Final Examination Schedule for 2000 Term 2 Eight-Week Courses

Friday, August 4, through Saturday, August 5, 2000

Illinois law requires the University to reasonably accommodate its students' religious beliefs, observances, and practices in regard to admissions, class attendance, and the scheduling of final examinations and work requirements. All regulations governing final examinations will be applied in the context that an individual student's religious beliefs, observances, and practices will be reasonably accommodated if the student informs his or her instructor of the conflict within one week after being informed of the final examination schedule. Any student may appeal in writing an instructor's adverse decision to a request based on religious beliefs, observances, and practices; such an appeal must be made to the dean of the student's college or to the director or dean of the student's school or institute (if such school or institute is organized as a separate unit). Before taking action, the dean or director should request that the instructor explain his or her denial in writing.

Requirement

A final examination must be given during the scheduled final examination period for each course except in a course that has a character that renders a final examination unnecessary or impracticable. The head or chair of the academic department in which the course is offered determines when a final examination is not required.

Time of Examination

Examinations will be offered from 8:00-10:00 AM; 10:30 AM-12:30PM; 1:00-3:00 PM; 3:30-5:30 PM; and 7:00-9:00 PM (see chart on next page). It is hoped this will provide a respite for students scheduled to take examinations during consecutive periods.

An instructor must give a final examination at the time specified in the published schedule unless a change is approved in advance through the Office of the Vice-Chancellor for Academic Affairs. A request for change must be submitted through the executive officer of the department or school (if applicable) in which the course is offered and the dean of the appropriate college. **Requests for examination changes should be made only in cases of legitimate need and not just for the convenience of students and instructors.**

A request for change in the examination schedule will not be considered for approval unless the instructor

- has polled the class to determine that an alternative date is desired by a majority of the class members, and
- also offers the examination at the regularly scheduled time if some choose not to take it at the alternate time, and,
- has contacted the Office for Project Planning and Facility Management (244-9851) and has assurance that space is available in which to give the examination at an alternate time, if approved.

No final examination should be given during a "regular" class period unless this is deemed necessary by virtue of the course or the examination (e.g., a laboratory "practical" examination as one part of a final examination).

*An examination for a first half-term course should be scheduled at the end of the first half-term period; second half-term final examinations follow the schedule shown on the next page. If a first half-term examination is not scheduled in the regular classroom at the time the class usually meets, a special examination room must be reserved through the Office for Project Planning and Facility Management, 333-1230

NOTE:

Undergraduate Students: Except as provided for a request based on religious beliefs, observances, and practices, only the dean of a student's college may approve temporary postponement of the final examination for an individual undergraduate student.

Graduate Students: A student's instructor is authorized to approve a request for postponement of the final examination for an individual graduate student.

Place of Examination

The room to be used for a final examination will normally be the same room in which the class usually meets if

- the course meets on a regular sequence; and
- the examination is given at the time specified in the official examination schedule.

The instructor is to announce the room for the final examination to students.

In late June, the Office for Project Planning and Facility Management will send a form to all departments offering final examinations. Confirmation letters will be sent to departments requesting classrooms.

Departments with eight-week courses meeting only one day a week for one or more hours must contact the Office for Project Planning and Facility Management (244-9851) to determine the availability of a room. In addition, departments with courses meeting at noon or 12:30 PM must confirm space availability for the desired examination times by calling 244-9851.

Length of Examination

The lengths of Term 2 final examinations—except by special arrangement in individual cases approved by the dean of the appropriate college—are:

- courses meeting one, two, or three days a week ..... one or two hours
- courses meeting four, five, or six days a week ..... two hours

A final examination for a course meeting for more than one hour in each session on two or three days a week is normally two hours in length.

Take-Home Final Examination

If a take-home final examination is assigned, it is to be submitted at the time and date of the regularly scheduled final examination. If instructors wish to depart from this practice, they must follow the procedure for changing the final examination schedule as stated elsewhere in this section.

Evening Examinations

An evening final examination is authorized only for a class meeting regularly during Term 2 at 7:00 or 7:30 AM or after 4:30 PM; the evening hours for such examinations are specified in the official examination schedule. If feasible, the instructor of a course meeting at noon or 12:30 PM may use the evening period, but must reserve space through the Office for Project Planning and Facility Management, 244-9851.

Conflicts

- Certain professional examinations (e.g., national actuarial, state CPA, and the Architect Registration Examination) take priority over campus final examinations. An instructor must offer a makeup examination to a student who is scheduled to take one of these examinations and a campus final examination at the same time.

- A noncombined course examination has precedence over a combined-sections and a conflict examination.
- A combined-sections course examination has precedence over a conflict examination.
- A conflict not resolved by the above order of preference must be resolved by the instructor of the course having the larger enroll ment, provided he or she is informed of the conflict by the student no later than the last official day of instruction in Term 2 (August 2).
- Departments offering combined-sections examinations must provide conflict examinations if needed to accommodate student conflicts.

Students Having More Than Two Consecutive Final Examinations

No student is required to take more than two consecutive final examinations. This means that if you take final examinations at 8:00 AM and 10:30 AM on the same day, you are not required to take another examination scheduled for 1:00 PM that day; likewise, if you take examinations at 3:30 and 7:00 PM on Friday, you are not required to take another examination at 8:00 AM on Saturday. If you have more than two consecutive final examinations scheduled, you are entitled to rescheduling if you take the following actions *no later than the last official day of instruction in the term.*

- You must investigate whether a conflict examination is being held at another time for any of the examinations involved.
- If a conflict examination has been scheduled for any of the courses, you must take one or more of these conflict examinations.
- If no conflict examinations have been scheduled, you should contact the instructor of the course having the largest number of students. That instructor MUST provide a makeup examination. Remember, you must initiate contact with the instructor involved no later than the last day of instruction in Term 2 (August 2).

Discipline for Violations of Academic Integrity

Rule 33 of the August 1999 *Code of Policies and Regulations Applying to all Students* covers procedures to be followed in cases of alleged cheating on final examinations. The code is available on the Web (**http://www.uiuc.edu/admin_manual/code**).

See previous page for information on the length of examinations.

If a class begins at the hour indicated below and . . .	If the class meets **(a) four, five, or six days a weeks; or (b) MWF or any two of those days; or (c) TThS or any two of those days, the final examination begins at . . .**

- If a course includes at least two lectures per week at the same hour, the final examination must be scheduled according to the sequence in which the lectures meet without regard to the discussion or laboratory meeting times.
- If a course has one lecture with two or more discussion and/or laboratory periods at the same hour, the examination must be scheduled according to the sequence in which the discussion and/or laboratory periods meet without regard to the meeting time of the lecture.
- If a course has a combination of one meeting each of lecture, discussion, and laboratory, or any two of these at different hours, the examination must be scheduled by the instructor on Friday or Saturday at a time that will avoid conflicts and when a suitable examination room is available. Departments must call the Office for Project Planning and Facility Management at 244-9851 to determine the availability of a room.
- Instructors of eight-week courses meeting only one day a week for one or more hours should schedule the final examination on Friday or Saturday at a time that will avoid conflicts and when a suitable examination room is available.
